Dear Bob,

The cassette came today. From you but not from John Barbour. He'll not send me one.

The blurbing on the carton tell xx me all I need to know. He did exactly what he promised me he would not do as a condition for my agreeing to be interviewed at all.

Not a word of the blurbing is true.

Moreover, he knew how I now regard Garrison. I told him that no honest man would use those tapes of those fabrications thus just gushed from Garrison.That they were not true and that airing them would be ad disservice to the nation.

Get me an address on the bastard and I'll send you a copy of what I send him. He moved from out there to Vegas and I have no address for him. And he waited until this was manufactured before responding to my reminder of our agreement by calling me and saying he had not done and would never do such a thing - as he did!

It may be a little while before I use this. We got a new TV with a built-in VCR because every time we used what we had it knocked everything on the TV out of whack and it sometimes took me a long time before I could xxx get it back to where we wanted it.

We do not often view VCRs and the instructions on this new one are so complicated I'm not taking the time to get that leg on a college education. The first time someone is here who understands all these things so new to me I will. But the blurbing tells me all I want to know. It is exactly as I told you because all the dishonest bastards do it- He used me to give the awful stuff credibility.

It was good to talk to you, too. Anytime there is anything real on the JFK assassination and I can help call me.

Steve Jaffe belongs on it! He wluld have been an even bigger disaster to Garrison than he was if I'd not broken that up. When I write Barbour I'll include that, too!

Thanks and best wishes,

I'm using an enveloped I sealed with a stamp on it that I had to open to insert the enclosure I'd forgotten.
